Hi Renee,

I have revised the PFAS paper you have seen in the past. It is a long paper but should serve as a single source for most needs related to these sites. My plan is to highlight new material and replace the map each time we revise the paper.

If you want something different please let me know.

Thanks,
Steve

Hello Everyone,

Just a gentle reminder that we need briefing materials for the WPD update no later than 4pm today.

Thanks so much!
